UI/UX Design Engineer

THINKDONE SOLUTION LAHORE — May 2020 – Present

I joined think done solution in May 2019. My position in the company was as a senior UI/UX designer, I did many projects like Elevatyx website design + wireframe, Kelger Management website design+Develop Front end only, DrGlow website, MFC React Native App and KFC React Native App ongoing work on this project.

UI/UX Designer

XAAVIA STUDIOS LAHORE — Sep 2019 – Mar 2020

On October 20th, 2019. I joined XaviaStudios as Senior UI/UX Designer. I designed and created a complete professional branding suite for one of their client mentioned as Blackstone including the logo, Website design, Marketing material, and Application graphics as well. I also designed the entire wireframe of the Text Neck App launched by Moltyfoam and Burnsroad House Website

UI/UX Designer

BITSCLAN SOLUTION LAHORE — Feb 2019 – Sep 2019

I joined Bitsclan in Feb 2019. My position in the company was as a Junior Graphic designer, I did many projects like logo designing, banner animation, etc. After three months, I was promoted to senior UI/UX designer. I designed a Urtasker website, which was an e-commerce solution, I also designed the wireframe as well as the entire design. Including some market place website and wireframe designs. I also did some freelancing projects, which were based on HTML and CSS language.
